

**CBS 13 QUARTERLY ISSUES/PROGRAM REPORT
PERIOD JULY 1, 2012 THROUGH SEPTEMBER 30, 2012**

ATTACHED ARE LISTINGS OF BROADCASTS OR BROADCAST SEGMENTS WHICH, IN THE STATION'S JUDGEMENT, REFLECT THE STATION'S MOST SIGNIFICANT TREATMENTS OF ASCERTAINED COMMUNITY ISSUES DURING THE PERIOD JULY 1, 2012 THROUGH SEPTEMBER 30, 2012.

CBS 13 AIRS NEWS COVERAGE THROUGH OUR CBS NEWS PROGRAMS WHICH AIR MONDAY THROUGH FRIDAY 5AM, 6AM, NOON, 4PM, 5PM, 6PM AND 10PM AS WELL AS SATURDAY AND SUNDAY 5PM AND 10PM.

GOVERNMENT 7/11/12 Governor Brown signed the state's "Homeowner Bill of Rights" today. Homeowners can now take legal action to block foreclosures. The law takes effect January first.

GOVERNMENT 7/24/12 It was recently revealed that officials at the California State Parks Department secretly hid more than 53 million dollars as they were threatening to close nearly 70 state parks. The director of the agency resigned and her number two in command was fired. **GOVERNMENT 8/28/12**

More than four thousand vehicles in the state fleet are up for sale. The cars, boats, tractors and trucks will be put up for auction on Wednesday, after the governor ordered agencies to eliminate unnecessary costs.

GOVERNMENT 9/12/12 Today the governor signed his pension reform bill which will increase the retirement age for new state employees and put a stop to pension spiking. **GOVERNMENT 9/19/12**

California businesses will now pay less for worker's compensation, while injured workers get more benefits. The cost of insurance has increased from nearly 15-billion to 19-billion dollars in the past two years.

ECONOMY 7/31/12 The Western States National Softball tournament swings into the Sacramento valley for a week long event. With nearly one-thousand players on eighty teams, local hotels and businesses are looking for a boost at their cash registers. **ECONOMY 8/15/12**

The downtown plaza in Sacramento is under new ownership. A San Francisco based development firm sealed the deal last night. Mayor Johnson says the new owners have the capital and the track record to improve the plaza. **ECONOMY 9/19/12**

Vision Service Plan in Rancho Cordova is threatening to leave California after a state decision that would block them from 2-million potential new customers once the Affordable Care Act takes effect in 2014. VSP currently employs 2,100 at this facility. **ECONOMY 9/25/12**

Three hundred employees from the Comcast call center located in Natomas will be let go on November 30, as Comcast announced today they will be moving three Northern California call centers to other states. **ECONOMY 9/27/12** After 65 years in Sacramento, the Campbell Soup plant will cease operations in July 2013. The 700 employees were told this morning that the plant will close in phases. The operations will move to Campbell plants in other states.

CRIME 7/18/12 A couple and their four show dogs were left for dead after a hit and run last night. All four dogs were killed and the couple received major injuries. Police say the car that hit them was traveling at least 80 miles per hour. **CRIME 8/28/12** In Sacramento, the overall crime rate jumped more than eight percent from July 2011 to July of this year. That includes cases of rape, assault, robbery and burglary. Homicide cases are down 23 percent. **CRIME 8/30/12**

Speed freak killer Wesley Shermantine left death row over the weekend to help investigators locate more possible remains from his 1980's killing spree. He was taken to San Joaquin County to point out potential burial sites. **CRIME 9/24/12** Voters will be asked to weigh in on California's Three Strikes law this November. Prop 36 would eliminate a life sentence for a third felony unless it's a violent crime. Also, some three strikers would be released if a judge deems them no longer dangerous. **CRIME 9/25/12**

With 49 homicides so far this year, Stockton is on pace to break the all time record set just last year. The bankrupt city voted tonight to pay \$215,000.00 for yet another plan to stop violent crime. "Operation Ceasefire" centers on community meetings.

ENVIRONMENT 7/19/12 For the first time in a week, evacuees of the Robbers fire are back at home. The fire is holding steady at more than 26 hundred acres burned. Over twenty-two hundred fire fighters have been on the fire lines. **ENVIRONMENT 7/25/12**

Today Governor Brown announced a plan for a massive twin tunnel system to carry water from the Delta to Southern California. Supporters say the

tunnels will guarantee a stable water supply for the state while opponents argue the project could destroy the already fragile delta ecosystem. **ENVIRONMENT 8/29/12** Experts say the city of Sacramento is the second most flood prone city in the nation behind New Orleans. A flood in the delta could mean water levels rising to more than 20 feet. **ENVIRONMENT 9/4/12** The new school year started off with four "green" classrooms at Phoebe Hearst Elementary School. They have been upgraded with solar tubes, dual pane tinted windows and magnetic paint. Funding for the project came from Measure I. **ENVIRONMENT 9/15/12** For the eighteenth year in a row the Great American River Cleanup covered a 23 mile span along the river in efforts to beautify the parkway. Over 2,500 volunteers showed up today.

HEALTH 8/28/12 Doctors confirm that two newborns contracted the MRSA virus at Sutter Memorial Hospital and more may have been exposed to it within the last two weeks. **HEALTH 8/31/12** Four more people are now sick with the Hantavirus after visiting Yosemite. That brings the total number of confirmed cases to six; two people have died. Hantavirus is spread by rodents and it was found in cabins and tents in Curry Village. **HEALTH 9/10/12** Doctors with the Sacramento County Health Department say that a TB patient had been in and out of the neonatal ICU at Methodist Hospital for two weeks before realizing they could have been putting newborns in danger. Parents of those babies have been notified. **HEALTH 9/24/12** UC Davis opened its new cancer center today. It will provide care for an estimated ten-thousand patients and will allow them to streamline operations and improve patient access to clinical trials. Children and adults will be treated in the same facility.
